

# Severe Weather Dismissal

Red Bug Elementary

In the event that the lightning sensor alarm at Red Bug Park sounds, we will participate in a Severe Weather Dismissal.

If the lightning sensor gives the all clear during dismissal, car riders will be brought to the car line and walkers will be dismissed through normal dismissal procedures.

In the event that the alarm sounds during dismissal, all students will be moved inside from the car ramp for the safety of students and staff.

**Our goal is to determine the need for a severe weather dismissal by 2:00pm. A text will be sent through School Connects to notify parents of dismissal changes. Please be sure to have your phone number updated in Skyward!**

Please do not come pick up your student from the front office. All staff members main focus is to assist with the dismissal procedures.

## Dismissal Times

(Subject to change based on the weather)

- 2:15 Bus riders & Daycare vans
- 2:20 Walkers will be held unless a parent comes to the back door of the MPR near the PE pavilion.
- 2:25 Car line begins for all grade levels.
- Extended day dismisses as normal
- Please be patient as we dismiss our 850+ students in the safest possible manner!
